Reasons for Allowance

The following is an examiner's statement of reasons for allowance: While the prior art teaches a device used for testing the exhaust gas from a chamber, it fails to teach the testing of an exhaust gas at an exit of an exhaust vacuum pump and "generating and outputting a signal indicating a process status based on a result of the comparison between the gas analysis result and the reference analysis result."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims #15 through 18 and 27 through 35 are allowed.

Claim #15

- Generating and outputting a signal indicating a process status based on a result of the comparison between the gas analysis result and the reference analysis result.
